TYRE SHINE

Long Lasting High Gloss Tyre Shine

Rejuvenates

Gives a high shine

Long lasting finish

Concentrated - Value for money

Solvent Based

Vinyl & Rubber Shine

Solvent free Silicone emulsion

All the benefits of solvent based silicone products without the solvent smell.

Thickened for easy application by Brush, Roller or Cloth.

Rino-Coat

Restorer/Polish

solvent-free vinyl polish which protects and beautifies all synthetic materials against the environment.

Protection for

Plastic

Vinyl

Fibreglass

Rubber

SACRED WOOD

SACRED WOOD AIR FRESHENER

Long lasting with a clean fresh scent

Cleans the deepest recesses of automotive air conditioning systems

Destroys odours at their source

Eliminates bacteria, fungi, moulds, and viruses

Disinfects

Deodorises

Reodorises

Bio-degradable

Concentrated up to 1:6 Dilution depending on odours

Home, Commercial and Automotive

Blood Orange

Waterless Hand Cleaner with Natural Pumice and Lanolin.

Pumice a natural scrubbing abrasive gently removes ingrained dirt by massaging the skin.

With added Lanolin to sooth and protect skin

Biodegradable hand cleaner with a powerful solvent action

of natural citrus oil to dissolve grease, oils, tars, paint,

printers ink, majority of soils.

30ml Dispenser pumps available for 5lt and 20lt drums

WHEEL CLEANER

Wheel & Tyre Cleaner

Non-Caustic

Wheel Cleaner removes road grime and brake dust from most types of wheels

Including:

Polished and Unpolished alloy, Chrome, Clear coated - Factory painted
Anodised and Steel wheels and Hubcaps.

WHEEL Cleaner contains a range of specialised ingredients to:

Dissolve and remove Dirt, Road grime, Brake dust, Oil and other stains.

For Domestic or Commercial use

TRUCK & BUS WASH

Formulated for use on trucks, buses and heavy machinery to remove the most grease, road grime and insect build up .

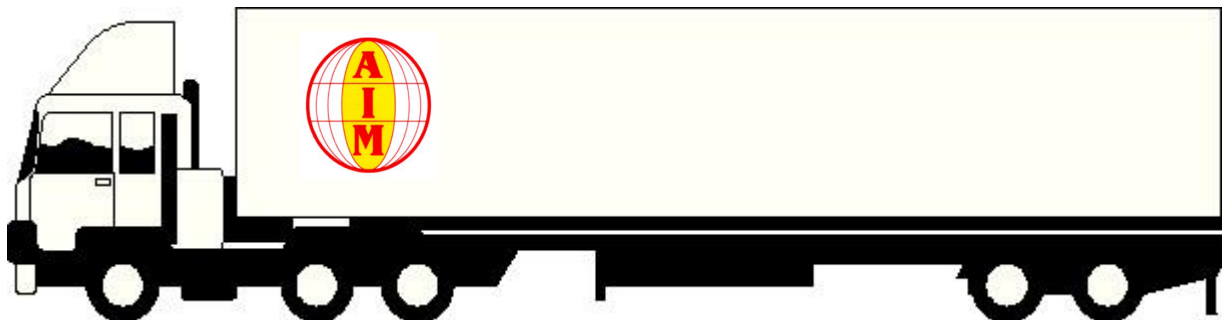

TRUCK & BUS WASH is completely safe on all types of paint and aluminium surfaces.

Ph balanced

Biodegradable

Can be safely used on all surfaces

cleaning trucks, buses, trailers, cars exteriors , boats, building exteriors and most washable surfaces.

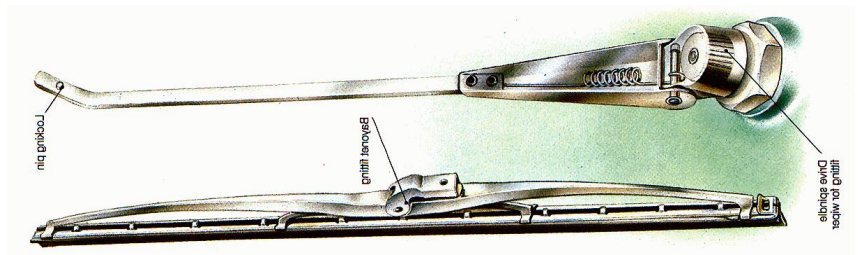

Screen Clean

Window cleaner and Windscreen washer additive that instantly removes all traffic film, grease, salt spray and bugs for a clean and clear windscreen and windows.

Use Neat to clean Windows, Glass, Mirrors Ect.

Or Add to the windscreen washer reservoir
and fill with clean water.

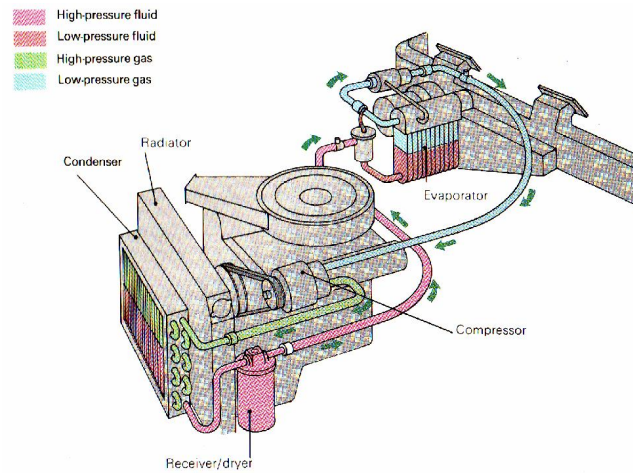

Hexane

Air-Conditioning Flush

Residual free Air-Conditioning flush for automotive units.

Fast evaporating colourless liquid with mild petrol odour

LEAK DETECTOR CF CONCENTRATE

DESCRIPTION:

Formulated from NON-hazardous, NON-Flammable ingredients

to provide a safe, quick leak detection liquid for drum, can, pipe seams and threads.

Cleaning Solvent

Industrial solvent and cleaning fluid etc.

Pre-cleaner prior to spray-painting

Cleans Automatic gear boxes and parts without leaving residues

Fast evaporating,

No greasy residues to minimise separation of gasket glues.

HF DEGREASER

HF DEGREASER is specially formulated Quick Break degreaser for high performance degreasing

Benefits:

LOW ODOUR

ZERO AROMATICS

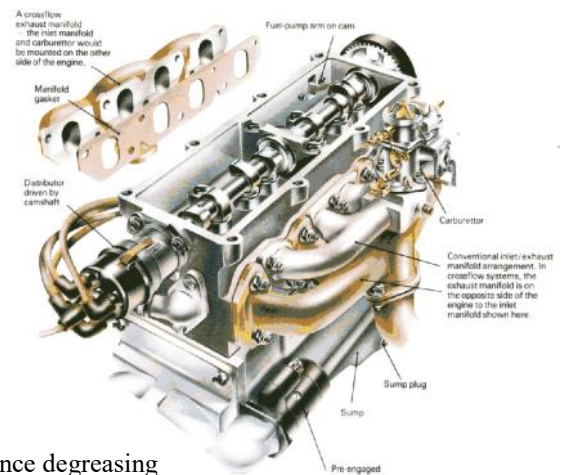

LOW TOXICITY

MEDIUM SPEED DRYING

FAST EFFECTIVE CLEANING

HIGH FLASHPOINT

CORROSION INHIBITORS (NON-FLAMMABLE)

High Flash Point Kerosene

Parts Washer Fluid

High flash kerosene suitable for parts washers and as a solvent where a high flash point is required

For Parts washers that have a electrical pumping unit

Solvent Degreaser

Solvent Degreaser is a blend of solvents and surfactants

Ready to use degreaser

Applied by brush, spray or emersion.

Ideal for cleaning driveways, machinery, motor components etc.

Foam filter wash

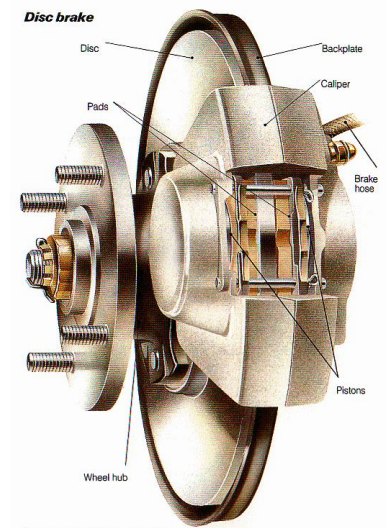

Brake & Part Cleaner

Fast acting.

Fast evaporating.

Leaves no solvent residue.

Helps remove brake fluid, grease, oil and brake dust.

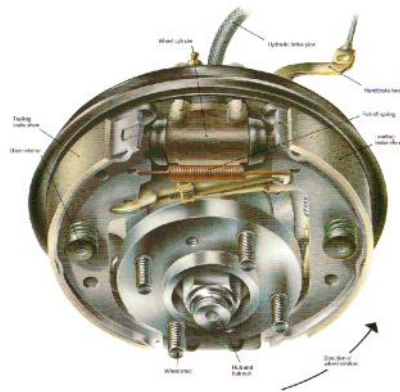

The basic type of disc brake, with a single pair of pistons. There may be more than one pair, or a single piston operating both pads, like a scissor mechanism, through different types of calipers – a swinging or a sliding caliper.

BRAKE CLEANER NON CFC

Brake cleaner Non CFC is an extra strength cleaning formula designed specifically to remove brake fluid, grease, oil and other contaminants from all types of brake assemblies. .

- Cleans and dries quickly
- Stops brake squeaks and chatter
- Cleans brake hard parts as well as linings
- Leaves no Residue
- No CFC Content

W.B.2 DEGREASER

Heavy Duty Water Based Solvent Degreaser

W.B.2 DEGREASER” is a water based solvent degreaser especially formulated to remove heavy grease, dirt and grime from any badly soiled surface.

W.B.2 DEGREASER” leave no residues, replacing flammable, solvent based products.

W.B.2 DEGREASER” is Bio Degradable and odourless and can penetrate quickly into soiled areas, removing dirt and grease from metal, concrete and other hard surfaces.

W.B.2 DEGREASER” CAN BE USED :- in machinery workshops, on vehicle engines, in engineering plants, in garages, on concrete floors.

W.B.2 DEGREASER” can be used prior to painting as it will remove chalkiness from deteriorated painted surfaces, leaving no residues so it can be painted over with no effect.

W.B.2 DEGREASER” is highly alkaline and should not be used on reactive metals such as aluminium.

WLD DEGREASER

INDUSTRIAL STRENGTH WATER BASED DE-GREASER

Boosted cleaning power with Citric acid

Leaves no residue

Non Flammable

Highly Alkaline

Odourless

Concentrated

Value for Money

Bio-Degradable

For Domestic or Commercial use

WLD Degreaser is a water based degreaser especially formulated to

- Remove heavy grease, dirt and grime from any badly soiled surface.
- Leave no residues, replacing flammable, solvent based products.
- Bio Degradable and odourless and can penetrate quickly into soiled areas, removing dirt and grease from metal, concrete and other hard surface situations.
- CAN BE USED :- in machinery workshops, on vehicle engines, in engineering plants, in garages, on concrete floors.
- Can be used prior to painting as it will remove chalkiness from deteriorated painted surfaces, leaving no residues so it can be painted over with no effect.
- WLD Degreaser is alkaline and should not be used on reactive metals such as aluminium.

Xtreme

High Performance Degreaser/Cleaner

Gel version available for vertical cling

Xtreme is a water based high performance degreaser/cleaner

Formulated to remove heavy grease, dirt and grime from any badly soiled surface.

leave no residues, replacing flammable solvent based products.

Bio Degradable and odourless and can penetrate quickly into soiled areas, removing dirt and grease from metal, concrete and other hard surface situations.

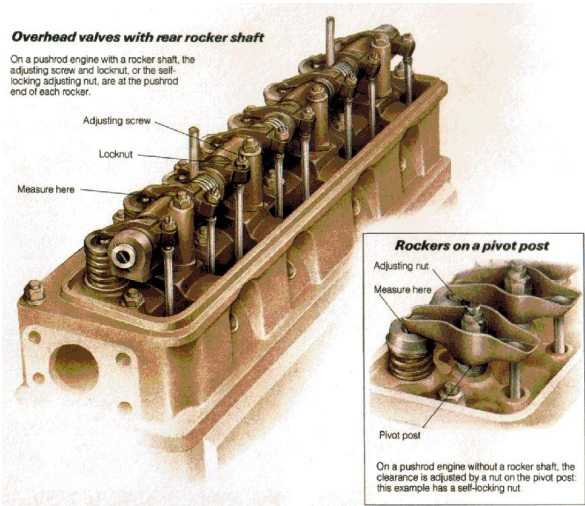

CAN BE USED :- in machinery workshops, on vehicle engines, in engineering plants, in garages, on concrete floors.

Suitable for Pressure washers and floor scrubbers

Contains no Caustics

Added Corrosion inhibitors

Removes Grease, Tar, Road Grime, vegetable and Body oils and much more.

HEAVY DUTY	50% WATER
MEDIUM DUTY	80% WATER
LIGHT DUTY	90% WATER
PARTS CLEANER	75% WATER
PREASSURE CLEANER	95% WATER
ULTRA SONIC	50% WATER

MULTIKLEEN

Heavy Duty Water Based Degreaser

Leaves no residue

Non Flammable

Highly Alkaline

Odourless

Concentrated

Value for Money

Bio-Degradable

For Domestic or Commercial use

WHD Degreaser is a water based solvent degreaser especially formulated to remove heavy grease,

- dirt and grime from any badly soiled surface. Leave no residues, replacing flammable, solvent based products.
- Is Bio Degradable and odourless and can penetrate quickly into soiled areas, removing dirt and grease from metal, concrete and other hard surface situations.
- CAN BE USED :- in machinery workshops, on vehicle engines, in engineering plants, in garages, on concrete floors.
- Can be used prior to painting as it will remove chalkiness from deteriorated Painted surfaces, leaving no residues so it can be painted over with no effect.
- is highly alkaline and should not be used on reactive metals such as aluminium.

VALENCIA

Concentrated Orange oil Cleaner

Valencia New & Improved is a multipurpose cleanser that will remove grease and grime from, Walls, tabletops, furniture, floors, doors, motor vehicles, plastic surfaces, laminates, refrigerators, stoves, tiles, sinks, cupboards, venetians, window, door surrounds, toys, playpens, sports gear, barbecues, pots and pans, showers, toilets, and a multitude of other surfaces.

The product is an extremely effective degreaser and finds applications as a general 'spray and wipe' cleaner, automotive degreaser, steam cleaner, concrete floor cleaner, laundry pre-spotter.

No caustic means Valencia New & Improved is totally safe on most metals including: Aluminium and Magnesium alloys.

- **Phosphate free,**
- **Bio-degradable**
- **Performs in hot or cold water**
- **Designed to handle hard water**
- **Concentrated - Value for money**
- **Loaded with natural orange oil**
- **A unique blend of cleaning agents and orange oil for optimum results.**
- **No caustic**

KLEEN SAFE

KLEEN SAFE is an optimized blend of Nonionic and Cationic surfactants Boosted with Citric acid To provides superior cleaning power.

Scented or un-scented

Biodegradable

zero voc

Efficient for cleaning organic soils, grease and oils from most surfaces around the home office or workshop

Directions:

KLEEN SAFE is a ready to use product that can be used directly from the container or by trigger spray bottle.

ECONONOMY DISHWASHING LIQUID

LEMON FRAGRANCE

SUNSET YELLOW

- Cleans and foams
- Bio-degradable
- Neutral Ph.
- Non-corrosive
- Performs in hot or cold water
- Designed to handle hard water
- For Domestic or Commercial use
- Lemon Fragrance

Safe for use on:

- Dishes
- Glassware
- Pots & Pans

Hard working detergent recommended for hand dishwashing applications.

Lemon powered with loads of suds and dirt cutting ability.

MULTIPURPOSE CLEANER

EXTRA STRENGTH WATER BASED NON CAUSTIC DEGREASER

MULTIPURPOSE CLEANER is a powerful alkaline based biodegradable cleaner

designed to remove dirt and grime from most types of surfaces.

Use to clean any surface that requires a NON caustic cleaner.

Product can be used neat or diluted through with up to 100 parts water, depending on the surface to be cleaned and the degree of contamination of the soiled surface.

Including:

Floors, machinery, walls, vinyl, upholstery, floor mats, door jambs, wheels, wheel arches, under bonnets, exhaust deposits, road film, etc.

ALL in ONE Disinfectant Cleaner

LEMON - LIME BLOSSOM - MANGO

Disinfectant cleaner and deodoriser concentrate.

Cleans, Deodorises, Disinfects, Kills - Fungus & Mildews

Suitable for use on all washable surfaces including :

- Floors
- Metal surfaces
- Stainless steel surfaces
- Glazed porcelain
- Glazed ceramic tile
- Plastic surfaces
- Bathrooms
- Shower stalls
- Bathtubs
- Cabinets & Benches

Quaternary formulation with either Lemon Grass Oils and Lemon oils, Lime Blossom or Mango.

Non-flammable, non-corrosive, and Safe on Finished floors.

ALL in ONE deodorizes areas that are hard to keep smelling fresh.

Now available in a range of long lasting Tropical Scents and Oils

PEARLY SOFT, LEMON SCENTED

ANTI-BACTERIAL HAND SOAP

Thick, rich Pearl antimicrobial and antibacterial hand soap is formulated with Triclosan

Effective - Specially formulated blend to clean and protect.

Neutral pH - Less likely to dry the skin.

Fragranced - Yellow flowing gel has a light lemon scent making it pleasant to use.

Gentle - Cares for the hands whilst the Lanolin derivatives prevent skin dryness, chapping and Cracking.

Phos-Kleen

CONCENTRATED ACIDIC CLEANER

Phos-Kleen is a highly effective water based cleaner, formulated to remove algae stains, rust marks, water scale, oxidation, soap and body fats, fresh concrete and most stubborn stains. Particularly good for brightening aluminum and alloys.

Removes rust

Removes oxidation from metals and alloys

Rust inhibiting treatment

Safe to paint over - treated metals

Concentrated - Value for money

For Domestic or Commercial use

GP Thinner

General purpose thinners designed for the

Professional or handyman

Used for thinning of acrylic and enamels, lacquers, primers and automotive paints and screen-printing.

Also for paint remover and spray equipment cleaner, cleaning up spills and cleaning solvent.

ALL PURPOSE THINNERS

This high quality blend of thinners will promote an excellent flow and gloss under normal temperature conditions and if the product being thinned has thinning ratios adhered to.

WAX & GREASE REMOVER

Prepsol solvent based

Wax & Grease Remover can be used in removing Tar, Bugs, and Grease & Oil from cars duco.

Extensive Range of Thinners & Solvent Based Product Available

PAINT STRIPPER GEL

PAINT STRIPPER GEL is a fast-acting solvent-based paint and varnish remover

Containing methylene chloride (dichloromethane) and Methanol in a long lasting Gel for extended shelf life.

Gel formula for easy application on vertical surfaces.

Can be used for removing oil and water based paints.

Fast acting, Penetrates deep - will strip up to 6 layers at once.

Washes off with water.

Use straight from the can.

Easily applied using a paint brush

No neutralising of the surface is necessary.

AIM Powder Coat Stripper

Fast acting, safe paint and powder coating stripper

Fast Acting at Low Temperatures

Non-Flammable and Non-Toxic

Compatible with Most Metals

Water Dilutable Concentrate

Minimal Odour

AIM Powder Coat Stripper removes paints and powder coatings by penetrating the cured layers and breaking the bond between the coating and the substrate.

This eliminates the need for costly burn off, blasting or heating to high temperatures

AIM SAFE STRIP BA50

Water-based - low-odour - non-flammable

Safe Strip BA50 is a water-based eco-friendly paint remover will effectively remove multiple coats of varnish, oil-based, water-based, acrylic, urethane, epoxy, elastomeric, and lead paints from any interior or exterior surfaces, such as wood, brick, stone, concrete, plaster, metal, fiberglass, plastic, glass, etc.

AIM SEALCOAT GLOSS SB

AIM SEALCOAT GLOSS SB is recommended for use in a wide variety of applications, including concrete and masonry protection, clear and pigmented sealers and coatings for both interior and exterior surfaces, and sealers for slate, concrete and fibrous or powdery surfaces. As a primer coat for subsequent coating operations.

Fast-drying thermoplastic copolymer, which forms films with an excellent balance of flexibility and hardness, and exhibiting excellent durability, excellent clarity and colour-retention, and excellent grease, water and alkali-resistance

RAINCOAT WB

Raincoat WB is a fast drying, versatile, and very low VOC water-based waterproofing emulsion.

Reduces maintenance and improves aesthetics for porous construction materials such as:

- Concrete
- Stone,
- Brick
- Grout

With fast beading action and excellent water repellency.

Formulated as a solventless, water-based emulsion, it enables treatment without exposing your workers to potentially harmful solvent chemicals.

For lower VOC and increased surface area coverage, the choice is clear.

Q5 STRIPPER

ACRILIC SEALER STRIPPER

Q5 Stripper has been formulated as a fast-acting water rinsable stripper for removing acrylic sealer from concrete floors, stamped concrete and general cementitious surfaces

Q5 Stripper is a new generation solvent based stripping compound employing cross-linked surfactants making the product water miscible.

ST-2 SHOWER & TILE CLEANER RTU (Ready to use)

Bathroom “soap scum” soils are complex mixtures of hard water minerals

Containing iron, calcium, and magnesium carbonates and metasilicates and organic/oily components from soap residues and soils.

These soils are hard to remove, and can be a breeding ground for molds, mildew and bacteria.

Regular cleaning is necessary to keep bathrooms pleasant and healthy areas in the home or in institutions

Advantages of ST-2 Shower & tile cleaner ready to use.

- High performance on mineral scales and oily soils.
- Effective bathroom scale remover
- Low corrosivity to household surfaces
- Low toxicity
- Readily biodegradable
- Low odour

Improved cleaning and penetrating effectiveness

ST-1 SHOWER & TILE CLEANER CONCENTRATE

Bathroom “soap scum” soils are complex mixtures of hard water minerals

Containing iron, calcium, and magnesium carbonates and metasilicates and organic/oily components from soap residues and soils.

These soils are hard to remove, and can be a breeding ground for molds, mildew and bacteria.

Regular cleaning is necessary to keep bathrooms pleasant and healthy areas in the home or in institutions

Advantages of ST-1 Shower & tile Concentrate.

- Cost effective Concentrate up to 4:1 dilution
- High performance on mineral scales and oily soils.
- Effective bathroom scale remover
- Low corrosivity to household surfaces
- Low toxicity

Improved cleaning and penetrating effectiveness

ABS EDGE CLEANER

For furniture and cabinetry

Specially formulated with Orange oils and solvents to clean Hotmelt and solvent-based adhesive from ABS edgeband without damaging the edging.

The cleaner has a low odour, is fast-drying and leaves no residue.

To use, you simply soak a clean rag with ABS EDGE CLEANER and wipe the adhesive from the edging.

W8 30 OUTDOOR CLEANER—For Mould, Mildew, Algae and Moss

Concentrate—Can be diluted up to 50% with water

Clean and restore outdoor surfaces: wood, concrete, asphalt, brick, canvas, plastic and vinyl

Fast acting - instant results

Spray on and hose or pressure wash off

Coverage depends on porosity of surface

Biodegradable

Cleans stains from Algae, Mould and Mildew

Active ingredient: Sodium Hypochlorite, Flocculants with Surfactants to aide cleaning.

Always test in inconspicuous surface before use.

RUST REMOVER

Rust Remover converts rust from a detrimental oxide to a beneficial phosphate of iron, chemically destroying any rust present and leaving the surface in a suitable condition for painting when completely dry.

Surface Rust/ Tarnishing - removes rust spots, cleans & polishes stainless steel, chrome, brass & copper. Ideal for bikes & tools etc.

DESCRIPTION:

- Chemically destroys rust
- Removes surface rust
- Cleans and polishes chrome, brass, copper etc.
- Removes and cleans rust and bore water stains
- Can be used to Cleans boats

CONCRETE REMOVER GA

Aim Concrete Removers high water solubility and small molecular size allow it to penetrate deep inside concrete residues and react from within.

Key Attributes

- Efficient at penetrating and loosening concrete.
- Highly effective calcium complexing agent.
- Low to zero corrosion on most metals and coatings.
- Significantly lower corrosion than hydrochloric acid based removers.
- Active ingredient is readily biodegradable.
- The Acid is found in naturally products, such as fruits and vegetables.
- NON Fuming formulation

WDSL PENETRATING OIL

WDSL Penetrant Spray is a specialised blend of solvents, modified vegetable oils and corrosion inhibitors designed to loosen rusted or stuck parts, and works to remove grease and grime from a variety of surfaces.

- | | |
|-------------------------------------|---|
| · Frees & Lubricates Stuck Parts | · Protects Against Rust and Corrosion |
| · Displaces Moisture | · Removes Grime and Rust |
| · Protects tools & parts in storage | · Harmless to Most Plastics |
| · Safe on Metal, Paint, & Rubber | · Contains No CFC's or Chlorinated Solvents |
| · Silicone-Free | · Cleans Tar, Grease, Rust, and Adhesives |

AIM GRAFFITI REMOVER

AIM Graffiti Remover is a highly active, fast penetrating solvent for smooth surface graffiti removal.

Wipe-on wipe-off. Easy application.

AIM Graffiti Remover is ideal for application by spray or brush. Wear gloves.

AIM Graffiti Remover is suitable for removing almost all types of graffiti compounds from painted surfaces, metals, glass, tiles, ceramics, smooth faced bricks and concrete.

Apply by brush, low pressure spray or wipe onto surface with rag. Allow 5 to 15 minutes for solvent to penetrate and soften graffiti.

Then agitate surface with brush or rag or use pressure water.

In all cases, wash down surface with water or dilute detergent solution.

Workshop Consumables

Solvent Resistant Bottles

DEB OCCUPATIONAL SKIN SAFETY SYSTEM

The Deb Skin Safety Centre is a 3 Step workstation which improves employee skin care.

CONVENIENT – Designed to encourage hygiene and effective skin care.

COST EFFECTIVE – reduces the amount of product wastage and product over use.

SIMPLE – easily understood by all staff to make skin care simple.

HYGIENIC – Reduces the possibility of cross infection and improves skin safety practice.

EASY TO INSTALL – The DEB SKIN SAFETY CENTRES are delivered ready to use.

Just mount on the washroom wall or at a workstation.
